

## **EAST TEXAS PRODUCED-WATER MANAGEMENT WORKSHOP**

On April 14, 2014, the Railroad Commission will host a workshop focused on produced water disposal in parts of east Texas. The workshop will be held at the agency headquarters in Austin.

Commission staff and interested stakeholders will discuss long-term produced-water management operations in parts of east Texas. The workshop will address conditions unique to east Texas disposal operations and provide an opportunity for discussion of regulatory oversight and appropriate industry operations.

Stakeholders interested in making a presentation at the workshop are invited to contact the Commission with their proposed topic.
